PRE-BID MEETING:

The meeting was held at 09.00 a.m. and it was agreed to commence the visit at 09.30 a.m. Attendees were requested to submit any requests for clarification in writing after the visit.

SITE VISIT:

The site visit proceeded from km 96 on the M3 road just south of Comrat to km 151 just north of Ciumai. The visit programme departed from SRA offices in Chisinau at 09.30 a.m. reaching km 96 during the morning and km 151 at 13.00 p.m. SRA provided a mini-bus used by three bidders and one bidder followed in his own vehicle.

Stops were made between Comrat and Ciumai, the site location, to view the existing road condition, existing drainage features including culverts, existing utilities in the 4 villages along the route where modifications will be required, and at locations where vertical realignments are planned. Explanations of the proposals were provided by the designer.

The visit returned to SRA offices at 15.30 p.m.
